P/25/42) Town Centre Highways Feasibility Report

The Clerk advised that the Town Centre Highways Feasibility Report had been funded from the Town Vitality Fund and Highways Officers had looked at the potential to reverse the traffic flow through Fore Street, the potential for taxis/buses to be allowed to pass through Fore Street and the practicality of a one way system around the church.

The Clerk explained that there seems to be a growing trend for towns to move away from pedestrianisation and highlighted Boscombe in Dorset as an example. He added that interestingly traders and residents in Camborne have recently resisted a proposal to pedestrianise Camborne Town Centre as they felt it would adversely impact trade.

The Clerk concluded that the report demonstrates a strong reluctance to change any elements of the traffic flow through Fore Street or to permit buses/taxis to access Fore Street.

Highways Officers are however open to changing the surfacing around the Holy Trinity Church to provide priority for pedestrians over cars.

During discussion, Members views were mixed with regard to allowing buses/taxis through Fore Street but were generally in favour of the reversal of the flow of traffic to allow a safer exit from Fore Street onto Bodmin Road.

The Highways Officers are due to attend the next St Austell Town Centre Revitalisation Partnership meeting to discuss in detail their findings and recommendations.

It was **RESOLVED** to note the update.

Councillor Kimber left the meeting

P/25/43) St Austell Town Centre Revitalisation Partnership

The Clerk advised that the Partnership met on 1st July 2025 and Chris Sampson was elected as Chair.

The banner is still on target to be erected next week but the piazza has been delayed slightly due to a delay in a gas pipe being re-located. It is still hoped that the piazza will be completed for the fun day on the 14th August 2025.

The Clerk added that following approval at the Town Council meeting on the 14th July 2025, a funding bid to the Town Centre Regeneration and Investment Programme (TRIP) has been submitted. Although not confirmed, it is understood that bids have been submitted for White River Place and the Arts Centre.

Due to a delay in the application being determined by Cornwall Council and the availability of the preferred contractor, discussions are taking place with Cornwall Council officers with regard to a potential extension of time for the completion of the pump track project.

Arising from the above, the Clerk **AGREED** to email Councillors with a summary of the projects submitted for the TRIP funding.

P/25/44) Dates of Meetings

It was noted that the dates of the next meetings of the Planning and Regeneration Committee are Monday 18th August 2025 and Monday 22nd September 2025.
