### **APM/26/08) Members' questions**

Arising from a question, the Deputy Town Clerk advised that a report detailing a potential way forward for Poltair Café will be considered by Members at the June Community Committee.

In answer to a question regarding weed control in St Austell, the Clerk confirmed that the Town Council has contracted with a local contractor since 2014 to carry out weed treatment on the 155km of roads in the parish of St Austell. He assured members that weed treatment is not used on flower beds or in play areas. He further advised that the contractor uses spot treatment rather than spraying.

A discussion ensued with regard to the use of glyphosate and Cornwall Council's decision to review a recent Cabinet decision to start weed treatment across Cornwall.

Councillor Brown advised that the Cornwall Association of Local Councils (CALC) had discussed the matter on two occasions (Executive Board Meeting and a Larger Council's meeting) where the lack of time for Town and Parish Councils to react to Cornwall Council proposals to reintroduce weed treatment was criticised. Councillor Brown suggested that St Austell Town Council should re-visit their policy on weed treatment at a future meeting.

Councillor Taylor expressed strong concern with regard to the Town Council's current policy of weed treatment across the town.
